of ROLF E. CARLSON
for "CRYPTOGRAPHY AND CERTIFICATE AUTHORITIES IN GAMING
MACHINES"
our docket xRCa-12

Dear Sir:

Enclosed for filing please find a petition for revival of an application for a patent abandoned unintentionally.

Enclosed are copies of our correspondence previously filed on February 21, 2001, in response to the Notice of Missing Parts dated January 2, 2001, along with a copy of the returned stamped acknowledgment card confirming the PTO's receipt.

We were dismayed to find, in checking the status of this case in early August of this year, that the Patent Office did not show a record of having received these missing parts filed. At that time we spoke with a Ms. Robinson in the Initial Patent Examination Department, and per her request faxed copies of these same previously filed documents to her to resolve the problem. She then forwarded them to her supervisor, Ms. Kinard, who we were then unable to reach and never returned our calls. No mention was made to us at this time that a Notice of Abandonment had been issued.

Recently, we called and spoke with another person in this same department who then informed us that Ms. Kinard would not be able to resolve this as a Notice of Abandonment had already been issued - which we never received; and we would have to file a petition to revive the application. Attached is this petition. We respectfully ask that this application be immediately revived. If you need any further information please contact us.
